fleet telematics

About Khulu Digital: Fleet Technology Experts

INNOVATING SINCE 2019 FOR YOUR NEEDS

Khulu Digital is a **passionate team dedicated** to revolutionizing fleet technology, ensuring **safety**, efficiency, and longevity through strong partnerships and innovative solutions tailored to client requirements.

Why Vehicle Camera Systems Matter

RELIABLE WITNESS

Dash cams and MDVRs serve as a **reliable witness** during accidents, providing video evidence that protects against false claims. This crucial data not only supports drivers but also enhances overall fleet safety.

ENHANCED SAFETY

AI driver monitoring systems significantly reduce risky behavior, decreasing collisions and enhancing safety. By keeping **real-time tabs** on driver actions, companies can foster a culture of safety and accountability within their fleets.

Our Product Range

METTAX MC202L

Dual channel

G40 PRO

Premium quality

PA M32H

Mobile DVR

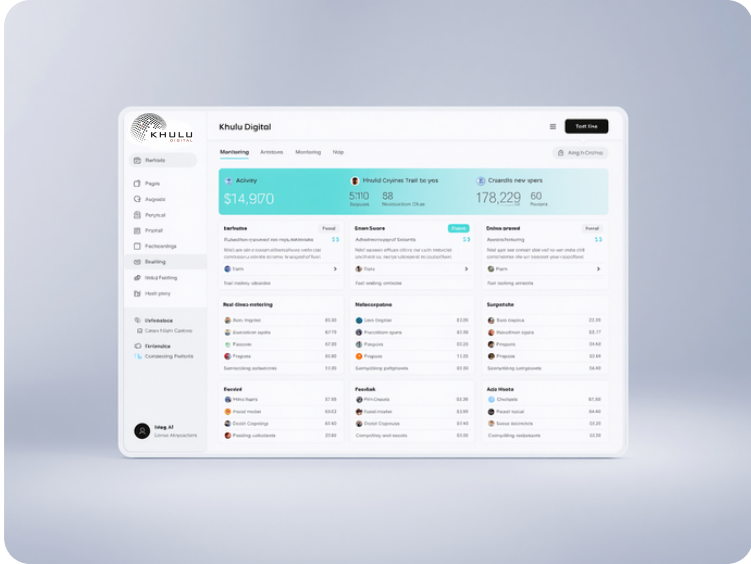

PA M52H

High performance

COMPATIBLE CAMERAS

Versatile options

INTEGRATED PLATFORM

User-friendly

mettaX MC202L AI Dash Cam

ADVANCED DUAL CHANNEL DASH CAM TECHNOLOGY

The **mettaX MC202L** features 4G connectivity with dual-channel recording capabilities, integrating ADAS and DMS to enhance safety and security for your fleet operations.

G40 Pro Industry AI Dashcam

PREMIUM 5-CHANNEL AI DASHCAM SOLUTION

The G40 Pro features **advanced AI capabilities** and offers up to 5 channels for comprehensive monitoring, ensuring safety and enhanced functionality for diverse fleet applications.

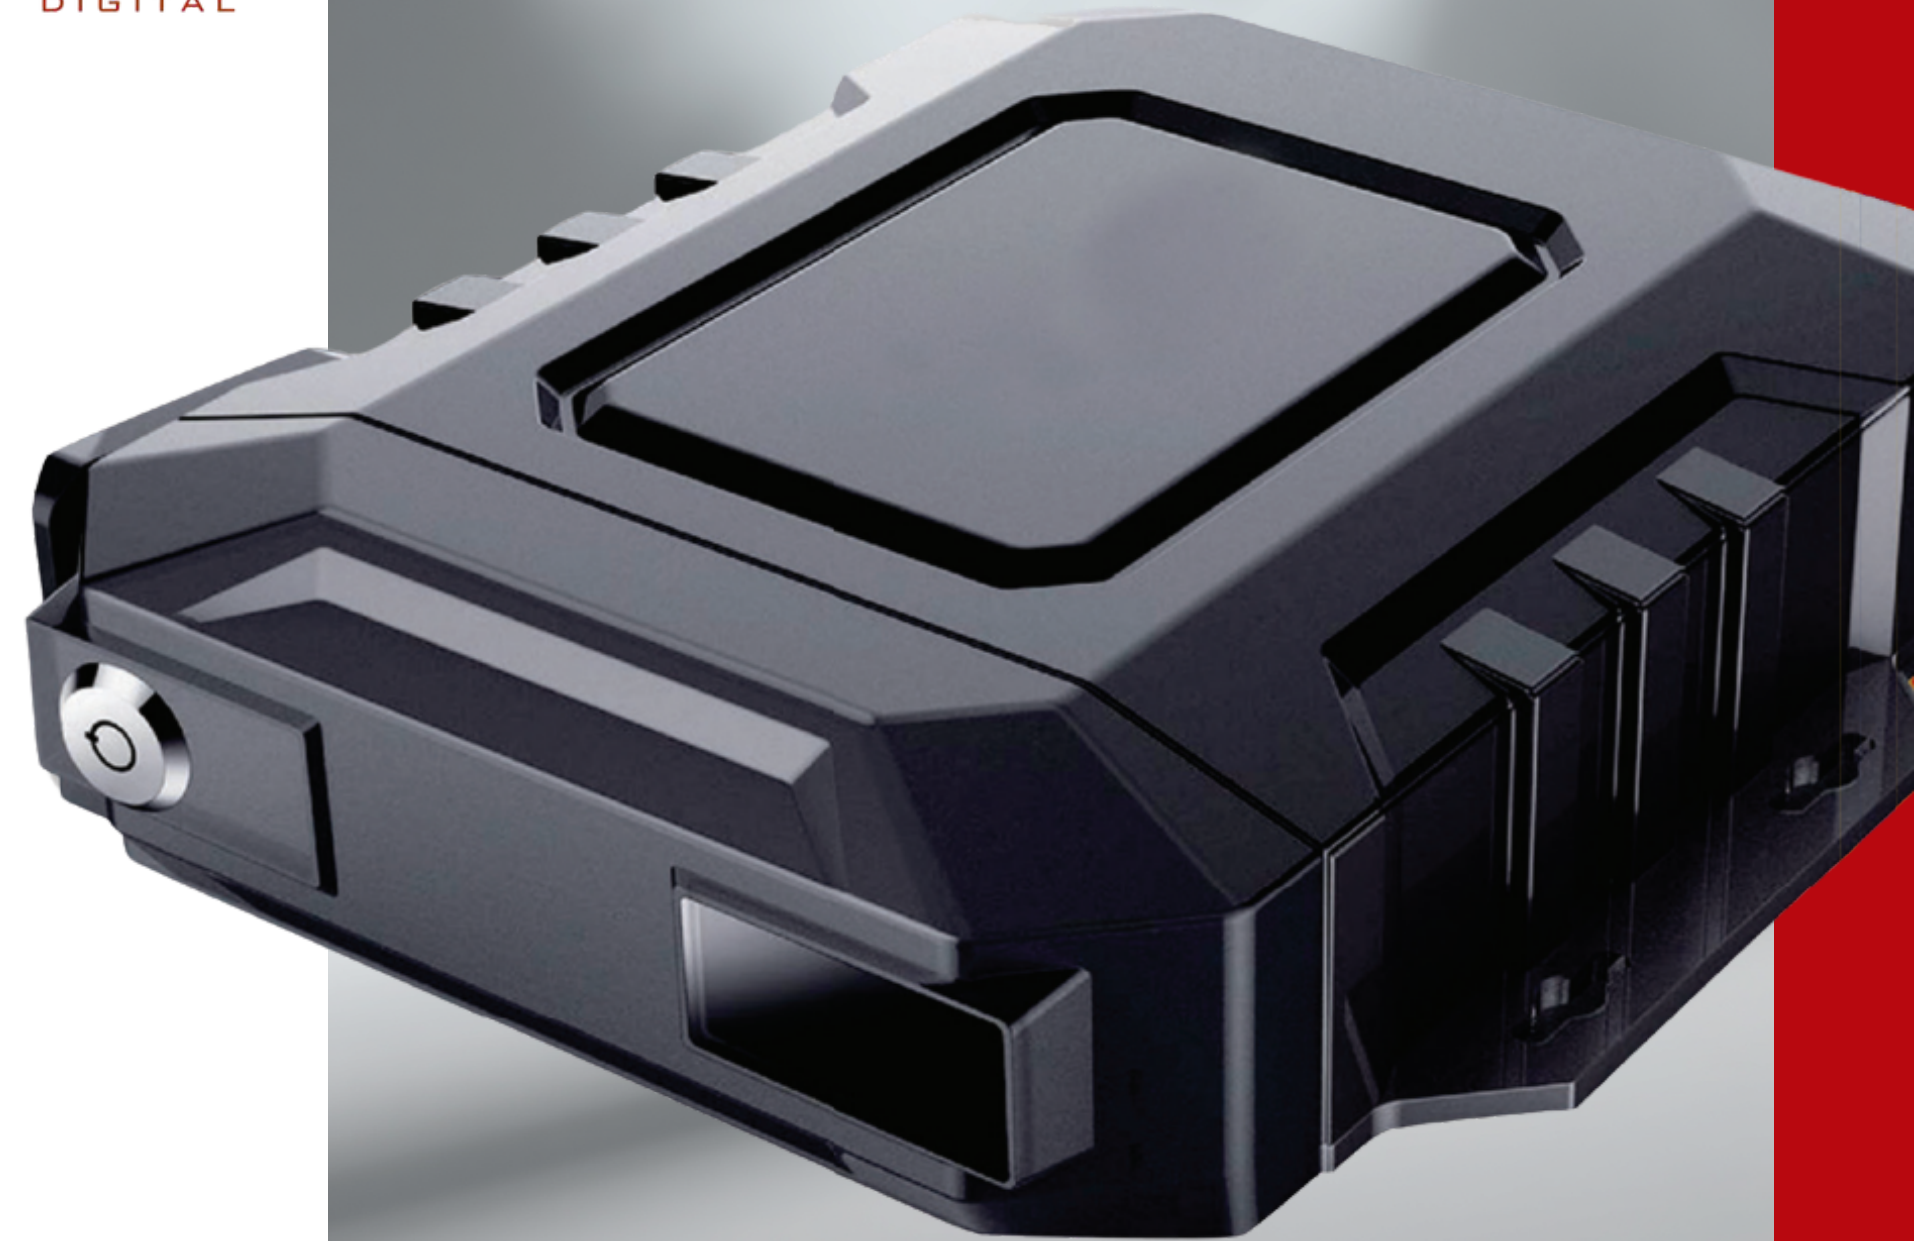

PA M32H Mobile DVR

ADVANCED 4 CHANNEL HD MOBILE DVR

The **PA M32H Mobile DVR** combines robust design with advanced features, ensuring HD recording and reliable performance in harsh environments, perfect for any fleet application.

PA M52H Mobile DVR

HIGH PERFORMANCE 8 CHANNEL MOBILE DVR SOLUTION

The PA M52H is an **advanced mobile DVR**, designed for optimal performance with 8 channels, ensuring comprehensive surveillance for various fleet applications and environments.

Compatible Camera Range Overview

PA 1607
INTERNAL DOME

PA 1522
DUAL CAMERA

PA AC 5881 AHD
BOX REAR VIEW

PA 1509 IR AHD
SINGLE CABIN VIEW

PA 1612
SINGLE ROAD VIEW

PA 1524
SIDE VIEW

DIVERSE OPTIONS

Our range of cameras includes various types designed to enhance safety and monitoring capabilities, ensuring optimal performance in different environments and conditions for all your fleet needs.

ROBUST BUILD

Each camera is crafted for durability, featuring waterproof ratings and vandal-proof designs, making them suitable for the rigorous demands of fleet operations while providing reliable service in harsh conditions.

HIGH DEFINITION

Equipped with HD and AHD resolution technologies, our cameras deliver clear, detailed imagery that enhances visibility and accuracy, contributing to improved overall safety and security for your fleet.

Integrated Fleet Platform

REAL-TIME TRACKING

Experience precise **real-time tracking** with GPS and GLONASS positioning, ensuring that fleet managers are always aware of their vehicles' locations for improved decision-making.

FUEL MANAGEMENT

Keep track of fuel consumption and usage even when the engine is off, promoting **sustainable practices** and cost savings while providing valuable insights into overall fleet efficiency.

RUN HOUR MONITORING

Monitor vehicle **run hours** and receive proactive maintenance reminders, helping to optimize operational efficiency and reduce unexpected breakdowns through timely interventions.

GLOBAL CONNECTIVITY

Leverage global connectivity with multi-network roaming and satellite options, ensuring **consistent communication** and coordination across various geographies for enhanced operational control and effectiveness.

Why Choose Khulu Digital

INNOVATIVE SOLUTIONS

We offer **cutting-edge technology** that transforms fleet management, ensuring efficiency and reliability in every aspect of your operations.

PROACTIVE MAINTENANCE

Our systems provide **real-time insights** and alerts, enabling timely interventions to prevent issues and reduce downtime, ultimately saving you time and money.

CUSTOMISED SOLUTIONS

We understand that each fleet has unique needs, and we deliver **tailored solutions** that integrate seamlessly with your existing operations for optimal performance.
